Background Information 4

1. Background Information

About the school

1.1 SwitchED2 is an independent co-educational day special school for pupils who require alternative provision to mainstream schooling. The school opened in March 2018 and is situated on a working farm in a rural area of south Cumbria. Pupils are accommodated in two purpose-built, temporary cabins installed within a large barn. Pupils are taught in mixed-age classes. The proprietor, who oversees the running of the school, also holds the post of headteacher.

What the school seeks to do

1.2 The school aims to enable pupils to feel safe and secure so that they can be themselves and enjoy school. It seeks to prepare pupils well for life after school by providing a curriculum that is relevant to their needs and by assisting them to overcome personal difficulties and challenges.

About the pupils

1.3 Pupils come from a wide range of backgrounds, mainly from Cumbria and neighbouring counties. An above average number of pupils are looked after by the local authority. All pupils have been referred by their local authority or by educational psychologists or other agencies. All pupils have special educational needs and/or disabilities (SEND), including autistic spectrum condition, attention deficit disorder and social, emotional and mental health difficulties. Almost all pupils have an education, health and care (EHC) plan. Assessment data provided by the school indicate that pupils' abilities vary widely as a result of their previously disrupted educational experiences, extended periods of school non-attendance and individual learning difficulties. The school focuses on the individual needs of each pupil whatever their ability, and the curriculum is modified for them on a personalised basis. No pupil speaks English as an additional language (EAL).

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as <u>met</u> or as <u>not met</u>. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: <u>The Education (Independent School Standards)</u> <u>Regulations 2014.</u>

Key findings

2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014, and associated requirements, and no further action is required as a result of this inspection.

PART 1 – Quality of education provided

- 2.2 The school's own framework for assessment confirms that teaching enables pupils to make good progress in the context of Part 1 paragraph 3(a).
- 2.3 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils' performance is in place.
- 2.4 Pupils receive relationships education in the junior school and relationships and sex education in the senior school, except in so far as they are lawfully excused. The school has consulted parents and published a written statement of its policy which has regard to the relevant statutory guidance.
