Malpractice and Maladministration Policy Statement

The Centre is committed to ensuring access to fair assessment for all learners and to protecting the integrity of the award of credit and qualifications.

The Centre has a responsibility to ensure that malpractice, non-compliance and maladministration is addressed effectively and to publish procedures to stakeholders for dealing with malpractice on the part of learners, centre staff and any others involved in providing the qualification.

The Centre requires any member of personnel working within the centre, any learner or any relevant person to report immediately to the Head of Centre any suspected case of malpractice committed in direct relation to the Centre's recognised centre requirements and/or any qualification-specific criteria.

The Head of Centre has responsibility for reporting all suspicions or actual incidents of malpractice to the Awarding Organisation. Reports should be made using the Awarding Organisations specific forms.

The Head of Centre will supervise personally all investigations resulting from an allegation of malpractice, however if it is necessary to delegate an investigation to a member of staff, the Head of Centre will ensure that the member of staff selected is independent, and not connected to the department involved in the suspected malpractice.

The Centre will respond speedily and openly to all requests for an investigation into an alleged malpractice, as this is in the best interests of centre staff, candidates and any others involved.

The Centre will cooperate and ensure their staff cooperates fully with an enquiry into an allegation of malpractice/maladministration, whether the centre is directly involved in the case or not.

The Centre will inform staff members and learners of their individual rights and pass on to the individuals concerned any warning or notification of penalties.

The Centre will ensure compliance with any requests made by the Awarding Organisation as a result of malpractice.
